

# GOLDBEN

(SINNEAI-GrnRB/104/0629)

**METHOMYL 1% W/W**  
**Formulation: Granular bait**

## GOLDBEN Fly and cockroach Bait

**GOLDBEN** attracts and controls nuisance house flies and cockroaches right down to the last grain of bait.

**GOLDBEN** Bait two phase actions knock out nuisance flies and cockroaches quickly and effectively. First, attractant draws flies and cockroaches in. Then, as they feed on the sugar-based bait, the active ingredient Methomyl delivers the final blow, killing it after they ingest it.

**GOLDBEN** provides excellent control of nuisance flies for commercial livestock operations, boarding stables and other rural applications.

- Controls nuisance flies and cockroaches quickly and effectively.
- Can be used daily where flies and cockroaches are a problem as scatter bait or in a bait station.
- Flies and cockroaches die rapidly after feeding on it.
- Ideal for feedlots, broiler houses, livestock barns, dumpsters, beverage plants, meat and poultry plants, food processing plants, stables, kennels and more.

**Type of pest control:** Cockroaches, flies, ants and others crawling and flying insects.

Type of application	Application Rate
- <b>Surface Treatment</b>	- Scatter 240gm per 100m <sup>2</sup> on the ground or in shallow containers, where flies, cockroaches or ants are infected.

**Packing: 500gm**
